

COMPANY PROFILE

OUR VALUES

We strive to be excellent ambassadors in the commercial furniture industry by supplying long life commercial furniture solutions that lessens the impact on the earth's natural environment.

We embrace change and support innovation that adds value to the look, feel and function of commercial furniture.

We conduct ourselves in a professional and considerate manner allowing us to be approachable and consultative.

In the best possible meaning, "What we say is what we'll do"

OUR MISSION

We endeavour to provide our customers with more knowledge about furniture than they had before speaking with us and assisting them through the process of choosing product which meets their needs.

Our advisory approach ensures our customers have relevant information that translates to a more simplified decision making process. Therefor when furniture is selected, it's done so in a considered manner, is good quality and long lasting.

We aim to add value to each and every customers choice.

OUR VISION

Is to provide customers with thoughtful, ergonomically designed and lasting furniture that reduces the need for early product replacement and subsequently lessening the impact on earth's natural environment.

Whatever we do affects the environment that surrounds us and the society in which we live. We at NARBUTAS take this responsibility seriously and let it guide us in our work.

WIND Chair & NOVA Wood desks

TEAM

With more than 22 years experience across most facets of the commercial furniture industry, we are professionals that provide product and product advice, high level customer service, project design and layout, and project management which includes product delivery and installation.

We employ the services of experienced subcontractors that align with our business to ensure the LTR experience is one that is enjoyed and appreciated by our customers.

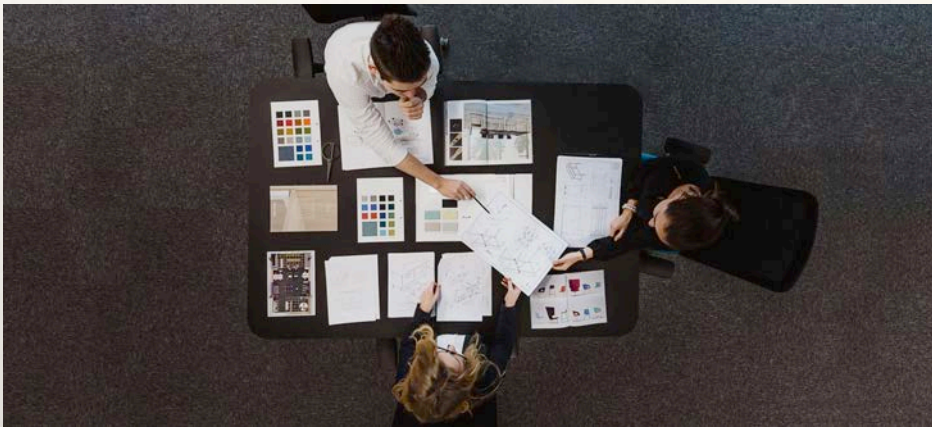

All LTR team members which include suppliers, staff and subcontractors are considered team members and are provided with a safe and respectful working environment.

SERVICES

LTR Commercial Furniture provides expert furniture advice, high level before and after sales service, project design through our design partners, construction through our construction partners, project product procurement, project management, delivery and installation.

We aim to alleviate your concerns by introducing you to highly experienced architects and designers, project managers and quality builders to help bring your project together.

With these services, our intention is to work along side you by providing a simplified process to make the big decisions for your business easier.
